FOUR by FOUR exhibition

"FOUR by FOUR"

opening Tuesday 27th Dec 10am

Our entire stable of Artists have been invited to exhibit in this mixed exhibition of paintings, glass, sculpture, wood, ceramics, jewellery.

All works are 40cm x 40cm in size.

Have you ever wanted to own a Shaun Atkinson painting at an affordable price? Or how about a Jos Myers, an Astrid Dahl, a Di Taylor or a Judy Prosser just to name a few? Well now is your chance! We are holding an exciting Christmas exhibition involving the majority of our Artists. All exhibiting Artists will have one or two paintings available for sale all sized 40cm x 40cm. And they will be affordable! 3D Artists are also involved showing new works in Glass, Woodturning, Ceramics, Sculpture and Jewellery.

"There has been an enormous amount of effort put into this exhibition by our amazing body of exhibiting Artists. Limited only by size, the imagination has not been inhibited at all with some very dynamic results achieved. It is really exciting to see the finished pieces, after wondering what each Artist will do and how they will tackle a smaller sized work. It is also very rewarding to see so many Artists working together for one exhibition. We cant wait to see it hung."

All works are for sale from the opening day onward.

No pre-sales, so be sure to visit Jahroc Galleries on the 27th to avoid missing out on your favourite piece of "Affordable Art"

If you are unable to visit the gallery in person go to www.jahroc.com.au to view the exhibition from Tuesday the 27th onward. Sales will be accepted over the phone.

MARGARET RIVER FIRES

**I am sure the majority of you have heard about the devastating Margaret River fires.
Some of you have been affected.
This is our story.**

On Wednesday 23rd the fire ripped through our workshop bush block in Kilcarnup, burning the total 40 acres surrounding our workshop (plus much more nearby bush). It took out a large portion of our drying stacks of timber, a trailer, the dust extractor system and our beloved "Bessie". Our iconic Dodge Truck is no longer doing local deliveries!

Our workshop building was spared, thankfully. We had many anxious customers awaiting news of whether their finished furniture was still going to be delivered!

With the guys working overtime, our Christmas deliveries are all on schedule, and we are now taking orders with completion early Feb 2012.

**On Thursday 24th the fire raged through Gnarabup, threatening Gary and Lara's home. Against the odds, it is still standing, while there is so much destruction left around it.
We are so thankful to still have our home.**

Our deepest thanks to all of you who have been thinking of us over this terrible time, for your phone messages, emails, prayers and thoughts.

Our heart felt sympathy for everyone who is affected.

Duxton Hotel Commission

Jahroc was commissioned to design and make two lounges for the Duxton Hotel on St Georges Terrace, Perth as part of a refurbishment they were doing for CHOGM.

Don't they look amazing? If you get the chance to visit the Duxton Hotel, you will see these beautiful lounges sitting proudly in the foyer.

Burswood Commission

Another interesting job that came our way late this year was a commission for outdoor furniture for 2 new executive villa's at the Burswood complex. The inspiration was our "River Flows" Desk, and Gary adapted this design for use outdoors.

Materials used were Marri timber with a stainless steel ball and detail.

MERRY CHRISTMAS

Sending you the warmest wishes for an extremely HAPPY CHRISTMAS, and we look forward to seeing some of you at Jahroc Galleries over the Christmas holiday period.

Gary and Lara, Dave and Jo, and Karin
