MARGARET RIVER SURF PRO

Strongest Field Ever Assembled for 2013 Drug Aware Margaret River Pro

Newly crowned world number one's Joel Parkinson and Stephanie Gilmore will headline an incredible field of the best surfing talent in the world at the 2013 Drug Aware Margaret River Pro. It is believed to be the first time ever that both the male and female ASP World Champions compete together at Surfers Point, Prevelly.

Event organisers are thrilled with the line-up in the men's draw with entries closing earlier this week. The lowest ranked surfer in the men's Round of 96 is currently ranked at 101. The strong lineup for the men is believed to be a direct result of the full reinstatement of the Drug Aware Margaret River Pro back onto the World Championship Tour in 2014...

March 16th - 24th

GARY AND LARA VISIT ARTIST DAVID BROMLEY

What an honour it was to visit David Bromley in his home in Byron Bay recently. It is like stepping into another world, "David Bromley's World". You enter through a gate off the busy main street, and immediately you are immersed in lush tropical gardens artistically planted and manicured with a scattering of Bromley's bronze and timber sculptures, swings, a Bromley painted bus and wooden boat. Like a scene from a 1950's childhood dream. And inside his studio is another feast for the eyes, a collector's heaven, there is too much to take in with one look. Bromley's world reveals his artistic and personal journey... creative, busy, full, kind, sharing, energetic, contentment, and a real sense of his self and place in life.

Keep an eye out for **"EVERYDAY A SUNDAY"** David Bromley exhibition at Jahroc Galleries

SHINTO BED

We love this SHINTO BED that we recently built for a customer. Soon to have one available in King size on the gallery floor, or available to order on request. This one was a queen size, using jarrah timber, and matching SHINTO BEDSIDE CABINETS also in Jarrah with an opening draw.
